TRAIL STORY

A window into stone

Layers of Navajo Sandstone rise above Pine Creek Canyon. Wind, water and gravity slowly widen cracks and move pieces of the cliffs downhill.

LOOK FOR - SIGHTINGS ARE NEVER GUARANTEED

- | | |
|---|--|
| ☐ Sandstone layers | ☐ A carved trail step |
| ☐ A protective railing | ☐ A shaded alcove |
| ☐ A twisted pine | ☐ Pine Creek Canyon below |

THREE TRAIL MISSIONS

- 1 Find three different line patterns in the rock.
- 2 Count every handrail or protected section.
- 3 Name one clue that wind or water shapes stone.

MAP IT!

Sketch the steps, alcove and overlook, using a bold line for cliff edges.

Add a legend: start, water, rest stop, viewpoint and turnaround.

KIND HIKER CODE

- Stay on the signed trail.
- Give wildlife plenty of room.
- Leave plants, rocks and water alone.
- Pack out every snack scrap.

THIS TRAIL'S SMART RULE

Stay together around exposed drops. Turn back for ice, storms or unsafe footing.

GROWN-UP CHECK

Weather, access, parking and closures can change.
