and ages 5+**

TRAIL STORY

A natural garden in Albion Basin

Albion Basin supports an unusually rich mix of mountain wildflowers. Bloom time changes with snowmelt, elevation and weather, so every visit can reveal a different set of colors.

LIVE TRAIL PAGE

Scan for current trail details and trailhead directions.

LOOK FOR - SIGHTINGS ARE NEVER GUARANTEED

- | | |
|---|--|
| ☐ A lupine-shaped flower or leaf | ☐ Indian paintbrush or another red flower |
| ☐ A penstemon-shaped tube flower | ☐ A bee or butterfly pollinating |
| ☐ A pika, marmot or ground-squirrel clue | ☐ Granite cliffs above the lake |

THREE TRAIL MISSIONS

- 1 Count flower colors without leaving the trail.
- 2 Watch one pollinator and notice how it visits a flower.
- 3 Find the coolest and warmest-feeling spots along the route.

MAP IT!

Draw the basin like a bowl, then add the trail, lake and surrounding peaks.

Add a legend: start, water, rest stop, viewpoint and turnaround.

KIND HIKER CODE

- Stay on the signed trail.
- Give wildlife plenty of room.
- Leave plants, rocks and water alone.
- Pack out every snack scrap.

THIS TRAIL'S SMART RULE

Protected watershed: no pets or swimming/wading. Stay on trail and never pick wildflowers.

GROWN-UP CHECK

Weather, access, parking and closures can change.
