TRAIL STORY

From neighborhood sidewalk to narrow canyon

The route starts beside homes, then quickly enters a rocky slot at the Wasatch Front. A seasonal waterfall shows how mountain water finds the lowest path through cracks and ledges.

LOOK FOR - SIGHTINGS ARE NEVER GUARANTEED

- | | |
|---|---|
| ☐ A signed public route through the neighborhood | ☐ Gambel oak leaves |
| ☐ A lizard or sun-warmed insect | ☐ Layers or cracks in canyon rock |
| ☐ Moss near seasonal water | ☐ The point where city sounds fade |

THREE TRAIL MISSIONS

- 1 Notice exactly when the walk begins to feel like a canyon.
- 2 Find one rough, one smooth and one striped rock pattern.
- 3 Count the safe steps from the last bend to your waterfall view.

MAP IT!

Draw the sidewalk-to-trail transition and the narrow canyon at the end.

Add a legend: start, water, rest stop, viewpoint and turnaround.

KIND HIKER CODE

- Stay on the signed trail.
- Give wildlife plenty of room.
- Leave plants, rocks and water alone.
- Pack out every snack scrap.

THIS TRAIL'S SMART RULE

Use the signed public parking and path. Wet rock near the falls is slippery.

GROWN-UP CHECK

Weather, access, parking and closures can change.
